1.1. The vehicle can be rented by legal or natural persons; the driver must be at least 28 years old and must have a valid category B driving licence and at least 5 years driving experience. The maximum driver age limit is 75 years. Only individuals listed on the rental agreement are authorised to drive the vehicle.

The official languages are Croatian and English. If the Client/Renter does not understand one of these two languages, the rental of the vehicle will not be possible.

1.3. By signing the rental agreement both parties confirm that the vehicle is delivered fully functional and clean, with all the necessary equipment and documents, and the Client/Renter confirms that he is aware of how the vehicle works. The list of equipment as well as any identified minor flaws and damages are listed in the technical part of the agreement.

1.4. The rental finishes with the signing of the handover documents, the payment of any identified further charges or the refund of the damage deposit, respectively if there are no impediments for this according to the rental terms (contraventions of the road traffic law, damage in or on the vehicle, delays, reckless usage).

1.5. The fees INCLUDE: 24/7 phone support, mandatory motor vehicle liability insurance, Casco insurance (with a mandatory participation in covering the damage by the Client/Renter to the extent of the Damage Deposit) and travelers' insurance, toilet chemicals, gas (1 bottle), full tank of fresh water, empty tank for waste water and clean toilet cassette, radio, water hose, cable for electricity + adapter for electricity, levelers for the vehicle. Casco insurance does not cover damage up to the extent of the Damage Deposit as well as damages to the tyres, wheels, crankcase, clutch and undercarriage of vehicles. Damages to the tyres shall be covered exclusively by the Client/Renter if the Client/Renter did not pay the additional insurance for the tyres.

✓ **2. Payment Method and Damage Deposit**

2.1. A booking deposit of 50% of the entire rental fee must be paid as a confirmation of the booking, and by paying the booking deposit the Client/Renter acknowledges full awareness of the rental terms.

2.2. The rest of the fee must be paid in full 45 days prior to the handover of the vehicle. If the full rental fee is not paid 45 days before handover at the latest, we retain the booking deposit and we cancel the reservation.

2.3. In the event of cancellation of the booking up to 45 days prior to departure, 30 % of the booking deposit shall be retained. In the event of cancellation of the rental 30-44 days prior to the handover, 60 % of the paid rental fee shall be retained and if the rental is cancelled 15-29 days prior to the handover, we retain 80% of the paid rental fee. In the event of the cancellation of the booking 14-0 days before the handover of the vehicle, we retain 100% of the paid rental fee.

2.4. Any change to an already confirmed reservation shall be charged according to the official pricelist.

2.5. When picking up the vehicle the Client/Renter pays the Damage Deposit as guarantee that the Client/Renter shall return the vehicle in the same condition as received and functional. The Damage Deposit covers the loss of Casco insurance bonus in the event of accident caused by the Client/Renter. The Damage Deposit can be paid by transfer to our bank account or by credit card. We do not accept cash.

2.6. The Damage Deposit is 2.000,00-3.500,00€ , depending on the model. If the Client/Renter also pays an additional insurance, CDW+, the liability of the Client/Renter for the potential occurred damage decreases by 50%. The Lessor/Owner is entitled, in his own will, to refuse the payment of the CDW+ insurance by the client.

2.7. In the event of any kind of outside damage to the vehicle (to the body of the vehicle and chassis), due to faulty handling by the Client/Renter or to the action of an unknown offender, the Damage Deposit shall not be refunded until the vehicle is not repaired, or until the insurance company does not issue a document stating the amount lost by the Lessor/Owner on account of loss of bonus until the return to the old bonus, as well as the fact that the insurance company did not receive any further claims from third persons regarding payment of damages that the Client/Renter caused. The Client/Renter shall pay for the repairs of the damage caused by an unknown perpetrator up to the extent of the Damage Deposit.

2.8. If the vehicle is returned without damages and according to the terms and conditions of the rental, the deposit shall be refunded within 15 days (+/-5 days) depending on the reaction speed of the bank dealing with the refund of the deposit.

✓ **3. Pick up and return of the vehicle**

3.1. The Lessor/Owner rents the motor home in a clean and fully functional state, with fuel tank full, fresh water tank full, a full bottle of gas (1), toilet chemicals and empty waste water tank and clean toilet cassette.

3.2. The Client/Renter shall return the motor home to the Lessor/Owner at the agreed upon time, in a fully functional state, with a sparkling clean interior, clean WC cassette, empty waste water tank and a full fuel tank, as well as present the bill for fuel from a gas station which cannot be further than 15 km from the location of the handover of the vehicle. The pricelist for subsequent cleaning is integral part of this agreement.

The Client/Renter is not obliged to wash the outside of the motor home, however, if the Client/Renter returns the vehicle in such a state that it is very dusty and dirty, the Lessor/Owner will take notice of this state, inspect the vehicle and submit the final report about the state of the vehicle to the Client/Renter after the wash. In case new damages will be discovered, these shall be documented and presented to the Client/Renter and in this case the Client/Renter does not have the right to complain about the determined state of the vehicle.

In this case, the Lessor/Owner recommends to the Client/Renter to wash the vehicle before returning it.

If fuel is missing, the Lessor/Owner will charge the Client/Renter for the amount that is missing plus the service of filling the tank with fuel.

3.3. The Client/Renter is responsible and shall bear all damage of the vehicle and equipment that is not covered by the insurance.

The vehicle is also considered damaged if the Client/Renter returns it with traces of abrasion (caused by trees, branches) and if the vehicle needs polishing, namely painting.

In case of damage on or in the vehicle caused by the Client/Renter, the Lessor/Owner reserves the right to keep the entire amount of the Damage Deposit until the full repair of the vehicle and, if the damage is less than the amount of the Damage Deposit, the rest of the amount will be returned according to the final calculation. The timeframe for the calculation depends on how fast the needed parts are available and delivered as well as on the period needed by the appropriate repair shop to finish the final repair. If the damages are such that it is obvious that our vehicle was not in contact with the vehicle or the objects of third persons, then the deadline for the repair and the calculation cannot be longer than 90 days. The Lessor/Owner will present to the Client/Renter after the repair of the vehicle an invoice which shall include the handling charges during the period of the repair (delivery and acquisition cost of parts, as well as potential cost of transport to the repair workshop and back). The Lessor/Owner reserves the right, when the final calculation of the damage is done, to add to the total amount of the damage 500€ on the account of the diminished value of the vehicle due to the caused damage. This particularly refers to the damages to the body and the chassis of the vehicle when it is needed to paint the vehicle or when by polishing it is not possible to remove all the damages and painting does not make sense.

3.4. Repair of the motor home is calculated at the holder's official price. PETRONI Ltd is the official dealer and service partner for camp vehicles and as such , issues only one invoice for complete repair and parts.

Customer involvement expressly requests invoicing to repair in less then 30 days for refunding the deposit from the insurance company , the lessor shall invoice the amount of the all deposit.

3.5. Both parties must observe the agreed upon pick-up and drop off times. Pick up is possible between 1pm and 3,30pm (on Saturdays between 12pm and 1pm) and the Client/Renter must return the vehicle between 8am and 10am.

Delays are not tolerated, each started hour will be charged according to the pricelist.

The pick-up of the camper in our depot before the standard hours, as well as the pick-up and drop off of the vehicle outside the working hours between 4pm – 8pm is possible but in that case we calculate the extra hours as well as extra fees according to the official pricelist. The pick-up and drop off of the vehicle on a Sunday or a national holiday also bear an extra charge.

3.5.1. It is not possible to pick up a vehicle between 8pm and 8am. It is only possible to drop off the vehicle earlier. If the Client/Renter decides to nevertheless return and leave the vehicle at night, the Client/Renter gives up the entire amount of the Damage Deposit, and, in such case, waives his right to any kind of complaint regarding the determined state of the vehicle.

3.5.2. If the client/renter wishes to return the vehicle on the last day till 4 pm , instead till 10am, we charge an additional day. In case of returning the vehicle after 4 pm, we charge the client an additional fee for picking up the vehicle outside of working hours.

3.5.3. The client is required to arrive at the exact agreed time, and the vehicle must be ready for inspection and handover immediately upon arrival. At the agreed return time, within 5 minutes the vehicle must be empty and prepared for handover. Otherwise, we charge the client for additional rental hours.

3.6. If the pick-up or drop off of the vehicle is in Croatia but outside the depot in Sesvete, the time of the pick-up or drop off, respectively, can be between 10am and 3pm. Should the client request it and in agreement with the Lessor/Owner, the time can be changed with a surcharge. If the pick-up or drop off of the vehicle is abroad, then the time of the pick-up or drop off, respectively, can be between 12pm and 2pm and for each hour earlier or later than the standard time, if the Lessor/Owner finds this acceptable, the Client/Renter must pay an extra amount for each started hour.

3.7. If the Client/Renter ordered the motor home to be delivered outside the depot in Sesvete-Zagreb, to a different town or abroad, and if the Client/Renter does not show up at the agreed pick-up time, the Lessor/Owner will do the following:

3.7.1. If the Client/Renter informed the Lessor/Owner before the pick-up time that he would be late, the Lessor/Owner will charge each hour of waiting with 70€ for a maximum period of 7 hours. After that we leave the location of the handover and return the vehicle to the depot, and the client can pick up the vehicle at the depot the following day from 10 to 16h.

3.7.2. If the Client/Renter did not inform about the delay, the Lessor/Owner will wait for 2 hours after the agreed pick-up time (hour). If not even after this time the Client/Renter does not contact the Lessor/Owner or does not show up, the Lessor/Owner will leave the agreed place of pick up 2 hours after the agreed time, and return the motor home to the depot in Sesvete. The fee for each hour of waiting is 70€.

The Client/Renter can pick up the vehicle at the depot up to 24 hours after the agreed time. When the 24-hour period is over, if the Client/Renter still did not contact the Lessor/Owner or did not come to pick up the vehicle, the Lessor/Owner will consider that the Client/Renter no longer wishes to rent the motor home and the reservation is canceled. The Client/Renter is not entitled to a refund of the paid amount.

3.8. The permission to extend the rental period must be requested by the Client/Renter at least 48 hours prior to the time agreed for returning the vehicle. The permission is asked and given by SMS, Viber, WhatsApp or email. If the Client/Renter does not return the vehicle at the agreed time and does not contact the Lessor/Owner, 2 hours after the time when the return was agreed the Lessor/Owner will consider that the Client/Renter concealed the vehicle and will take appropriate action according to the provisions of Criminal Law, namely of the law enforcement procedures (temporary measures).

3.9. In case the Client/Renter, for any reason, returns the vehicle earlier than scheduled, the Lessor/Owner is not required and shall not refund the Client/Renter for the unused days.

3.10. The vehicles shall be picked up and returned at the following location - Slavka Tomerlina 8, Kobiljak, 10361 Sesvete, Croatia. N 45°49.452' E 016°09.475'

The Client/Renter renounces any claims towards the Lessor/Owner on the account of any costs caused by a malfunction of the vehicle. If the vehicle cannot be driven, the cost of returning it to the depot is the obligation of the Lessor/Owner, however only within distances of 600 km from the depot.
